Introduction

Stephen Speers Keen (IP#159) and Malcolm Russell Moore (IP#42) of Grant Thornton New Zealand Limited (**Grant Thornton**) were appointed jointly and severally as liquidators (**the Liquidators**) of the following Companies by special resolutions of their shareholders pursuant to section 241(2)(a) of the Companies Act 1993 (**the Act**).

Company Number	Company	Company Name	Liquidation Appointment Date	Time of Appointment
2147325	SZL	solarZero Limited	26-Nov-24	3:55pm
8247952	SZCP	solarZero Commercial PPAs Limited	26-Nov-24	3:50pm
8247934	SZDL	solarZero Developments Limited	26-Nov-24	3:50pm
5471362	SZESL	solarZero Energy Services Limited	26-Nov-24	3:50pm

8466583	GRPIII	GRP III NZ Bidco Limited	27-Nov-24	3:45pm

The Liquidators and Grant Thornton are independent of the Companies. The Liquidators' Declaration of Independence, Relevant Relationships and Indemnities (**DIRRI**) is enclosed to this report as **Appendix B**.

Liquidators of insolvent companies are required to be licensed insolvency practitioners. Information about the regulation of insolvency practitioners is available from the Registrar of Companies.

We set out below our initial report on the state of the affairs of the Companies as required by section 255(2)(c)(ii) of the Act and section 6 of the Companies (Reporting by Insolvency Practitioners) Regulations 2020 (**the Regulations**).

Restrictions

This report has been prepared by us in accordance with and for the purpose of section 255 of the Act and section 6 of the Regulations. This report is not intended for general circulation, nor is it to be reproduced or used for any purpose without the Liquidators' written permission in each specific instance.

The Liquidators, their employees and agents do not assume any responsibility or liability for any losses occasioned to any party for any reason including as a result of the circulation, publication, reproduction or use of this report contrary to the provisions of this paragraph.

The Liquidators reserve the right (but will be under no obligation) to review this report and, if considered necessary, to revise the report in light on any information existing at the date of this report which becomes known to them after that date.

We have not independently verified the accuracy of the information provided to us and have not conducted any form of audit in respect of the Companies. We express no opinion on the reliability, accuracy or completeness of the information provided to us and upon which we have relied. Whilst all care and attention has been taken in compiling this report, we do not accept any liability whatsoever arising from this report.

The statements and opinions expressed in this report are based on information available and assumptions made as at the date of this report. It is possible that actual outcomes may be significantly different from those disclosed in this report.

In addition, the following should be noted:

- Certain values included in tables in this report have been rounded and therefore may not add exactly; and
- All amounts are stated in New Zealand dollars.

Group structure

A detailed structure chart is provided at **Appendix A**.

Background

The Group operated an integrated solar energy and storage business under the 'solarZero' name.

The Group's core proposition was the delivery of 'energy as a service' which saw it source, install and finance roof-top solar and battery systems to residential customers across New Zealand. The Group is estimated to have 15,500 customers at the date of Liquidation, which it estimated accounts for 40% of the roof-top solar market in New Zealand.

In the delivery of 'energy as a service', the majority of customers signed 25-year contracts (or 'solar subscriptions') with a fixed monthly fee.

It was hoped that, over time, the Group's panel, battery and related assets could be used to also generate additional ancillary revenues, including by supplying energy back into the national power grid.

In 2022, the business was acquired by GRPIII, a global private fund under management by BlackRock Climate Infrastructure team, for \$110 million.

Operationally, the Group was not able to generate profit (nor did it reach breakeven). GRPIII has injected significant additional capital to the Group since its 2022 acquisition, totalling \$147.8 million (in addition to the purchase price). This capital is understood to have been used to fund the ongoing operation of the Group, and to support the securitisation financings, with no return to GRPIII.

In late November 2024, without further funding available, the Companies were not able to continue to trade and resolutions were passed to appoint the Liquidators on 26 and 27 November 2024.

How the business works

The Group was headquartered in Auckland, with offices and warehouses in Christchurch and Wanaka. At the date of liquidation, it had 169 employees.

The Group's purpose was to make renewable energy affordable for New Zealanders by providing solar power via a subscription model and leading to savings on customers' electricity bill.

In signing up new customers, an Energy Services Agreement would be entered into by SZESL with the customer. The customer would receive electricity from a rooftop solar and battery system owned by SZL in return for a monthly fee over the course of the 25-year lease period.

The procurement and installation would be handled by SZL, with a number of full-time installers across the country contracted to SZL.

Typically, once installation was complete, SZESL would submit a sale notice to the securitisation trust SPVs (see below section 'How the financing works' for details). Payment would then be made for the solar and battery systems, as well as the customer receivable for the life of the contract, by the SPV. As a result, SZESL and SZL would receive an upfront return on the transaction, with the assets then vesting within the SPV. Accordingly, these assets are not available to meet the claims of creditors.

The securitisation debt facilities sit outside of the corporate structure in liquidation. Accordingly, the claims of the secured financiers are not claims in the liquidation and have therefore not been quantified or referred to in this report.

How the financing works

To access capital for expansion, the Group used the financing technique known as securitisation. The securitisation structure is complex. The description below is based on the Liquidators' and their solicitors' initial review of the documentation and the Companies' records. They intend to further investigate the Companies' entry into the securitisations.

Substantially all the Group's cash generating assets, and associated obligations, including most of its contracts with its customers, were legally transferred into special purpose vehicles controlled by Public Trust.

There are two vehicles established by the Group (together, the **SPVs**):

1. solarZero Residential No. 1 Trust (**SPV1**)
2. solarZero Residential Warehouse Trust (**SPV2**)

Significant debt capital has been advanced to the SPVs to enable them to purchase assets from the Group (and particularly from SZESL, which, as detailed above, originated contracts with customers, which were then transferred to the SPVs).

SPV1 is a single trust (containing customer contracts) and SPV2 has two trusts (one containing customer contracts, known as the "Customer Series" and another trust known as the "Battery Series"). Broadly, SPV1 has the benefit of revenues in relation to both monthly customer fees and any ancillary revenues generated by its assets. SPV2 splits the revenues, with monthly customer fees going to the Customer Series and ancillary revenues to the Battery Series. New Zealand Green Investment Finance Limited Fund (**NZGIF**) is the primary beneficiary of the Battery Series. NZGIF Solar Investments Limited has oversight over the SPVs, as programme manager.

The Liquidators understand that SZL had underwritten certain aspects of the securitisation, resulting in unsustainable regular payments to the SPVs. SZL holds subordinated debt positions in the SPVs and has the benefit of any residual assets left after all debt and other claims are met.

solarZero Residential Contract Servicer Limited (for SPV1) and solarZero Contract Servicer Limited (SPV2's Customer Series) are the special purpose companies that owe the obligations to solarZero's customers under the securitised customer contracts. SZESL is deemed to have transferred all its obligations and liabilities to the relevant company at the same time it sold the benefit of these contracts to Public Trust as trustee for each SPV. Both companies' shares are now wholly owned by Public Trust (being transferred prior to the Liquidators' appointments) and neither is in liquidation.

Notwithstanding the transfer of the Group's business into the SPVs, prior to the liquidations, the Group remained responsible for managing ongoing operations on the SPVs' behalf in relation to customers who had been transferred to the SPVs, under service contracts with the SPVs and its related companies.

On 26 November 2024, before commencement of the liquidations, Verofi Limited (**Verofi**) was activated as replacement asset and contract servicer for SPV1 and for SPV2's Customer Series. Verofi was an original party to the documentation

establishing the SPVs, in the role of standby servicer, to be ready to step-in, including if the Group entered liquidation. Verofi is now responsible for the customer contracts in SPV1 and in SPV2's Customer Series.

Verofi recovers its costs from the SPVs from funds collected in relation to the SPVs' assets (i.e. customers' monthly fees and any ancillary revenues). It also has the contractual benefit of assistance and access provisions in the standby servicing arrangements, whereby SZL has agreed to provide access to documents, books, records, data systems, computers. SZL is not entitled to charge for any of the above and indemnifies Verofi against its costs. Therefore, if for any reason Verofi were not able to recover its costs from the SPVs' revenues as anticipated, it may be a creditor in the liquidations.

The Liquidators are in contact with Verofi about its new role in servicing the customer contracts.

For the limited category of customers (c.3% of all customers) who were not in the SPVs prior to the Liquidators' appointments, discussions are ongoing with Verofi, the SPVs and NZGIF as to these customers' position. For the purposes of this report, the Liquidators are treating such customers as contingent creditors, with claims of \$1 each.

Customers

As set out above, the Group had used the financing technique known as securitisation to raise capital. Substantially all the Group's cash generating assets, and associated obligations, including most of its contracts with its customers, were legally transferred into special purpose trusts controlled by Public Trust. This means that the majority of the Group's solarZero customers are not creditors of any of the Companies.

Public Trust has been quoted as saying *"The trusts continue to operate as a going concern and are focused on ensuring services continue for customers"*.

Customer queries should be directed to Verofi, contactable on the below details:

Proposals for conducting the Liquidation

Steps following our appointment

Following our appointment we have undertaken the following actions:

- Immediately upon appointment, we held a meeting in person and via Teams with all solarZero employees to advise them of the liquidation and to confirm the termination of their employment with SZL;
- The Liquidators' staff and agents attended each of the solarZero sites in Auckland, Christchurch and Wanaka to secure each of the premises;
- A meeting with contractors was held to advise them of the liquidation and confirm termination of their contracts with the SZL (including facilitation of the return of any solarZero assets/stock held);
- Stock takes were completed at each of the sites where stock was held (with an ongoing assessment as to entitlements across different creditors with registrations on the Personal Property Security Act);
- All books and records, including backups of the solarZero data and digital environments, are well advanced in a process of being securely backed up, with careful consideration given to the significant volume of data that must be collected;
- Co-ordinated the return of assets such as laptops, mobile phones, vehicles and other assets in the control of former employees (with the majority returned and the balance to be collected/returned);
- We have held meetings with Senior Management and key stakeholders on numerous occasions;
- Completed all statutory requirements, including advertising our appointment in the NZ Gazette, NZ Herald, Christchurch Press and Otago Daily Times and updating the Companies register;
- Communicated with all solarZero landlords and advised of the liquidation (as solarZero operated out of leased premises, it does not own any premises);
- Correspondence has been issued to all secured creditors with Personal Property Security Registrations to advise of the liquidation and to request all documentation in support of their registrations (with a review and assessment of rights ongoing);
- We have notified all banks and frozen all solarZero controlled bank accounts, obtaining full bank statement records;
- Engaged agents to recover all solarZero vehicles (comprising 26 leased and owned vehicles);
- Creditor correspondence has been undertaken and we have fielded a large volume of enquiries (both emails and calls); and
- We have had continuous engagement (on a daily basis) with Verofi and other key stakeholders.

Asset realisation

We are working constructively with the secured creditors (NZGIF and Public Trust), to agree terms to realise assets.

Further meetings are taking place with secured parties with rights to stock/assets.

We are working through the collection of outstanding receivables due to the Group (with a number of receivables identified and actively being pursued).

The Group's bank accounts have been frozen. We currently hold \$22,275 in cash.

Customer Transition

In order to ensure continuity of service, to all customers, we have been working with Verofi, NZGIF and other key stakeholders as required.

Intercompany creditors

We have identified a number of intercompany advances within the Group. In total we have identified c. \$25 million of intercompany lending. SZEL and GRPIII are owed c. \$16 million and c.\$8 million respectively, primarily due from SZL which owes c.\$24 million to the Group.

Interested parties

Since appointment, we have received expressions of interest from parties seeking to buy all or part of the solarZero business. We are keeping an interested parties register and we are working to develop options for a possible sale with all other stakeholders and Verofi.

Stock

Total stock across the different solarZero warehouse locations and held by solarZero installers totals c. \$3.6 million. We are in the process of ensuring stock is secured.

The solar panel and battery systems installed on homes, but which have not been transferred to the securitisation trust (i.e. c.3% of all customers), are not included in the above amounts.

Intellectual property

We are undertaking a review of the Intellectual Property used by solarZero to establish what is owned and possibly saleable. This includes any proprietary solar communications apps, the solarZero 'Virtual Power Plant' and a number of other possible assets.

Investigations

A full investigation into the collapse of the Group has commenced, including securing all IT and financial records of the Group to ascertain any and all avenues of recovery, including considering the actions of the Group's directors.

The Liquidators intend to update creditors on progress regularly (in addition to statutory requirements) as their investigations develop.

A full review of the Group's business model and the Group's viability, solvency position and ability to meet its debts as they fell due is being undertaken.

Statement of Affairs

A statement of affairs for each of the Companies, as at the date of Liquidation, prepared by the Liquidators in accordance with section 255 of the Act is enclosed to this report, at **Appendix C**.

In preparing the statement of affairs we have relied on information provided by the Group's directors.

We have not carried out an audit of the information that has been provided to us, nor have we subjected the information provided to detailed verification procedures. While we believe the statement, based on the information provided to us, reasonably reflects the position of the Companies, we cannot be held responsible for inaccuracies in the report arising from deficiencies in the information or explanations given to us.

Creditors

A schedule of known creditors is enclosed at **Appendix E**.

If any creditor wishes to make a claim, a Creditor Claim Form for each of the Companies is enclosed at **Appendix F**.

Secured creditors

A search of the Personal Property Securities Register disclosed 34 security interests registered against the Companies at the date of liquidation of the Group. A schedule of known secured creditors is enclosed at **Appendix D**.

We have written to all parties and are working with them to confirm the security position and any assets or stock that these relate to.

At this stage, the return to secured creditors is yet to be quantified and it is unknown whether there will be sufficient funds / assets to meet secured claims in full.

Preferential creditors

We are aware of 173 preferential claims totalling \$1,796,880, representing holiday pay owing to employees for accrued entitlement. We are collating the information for each of the employee claims and will write to each of the employees separately to set out their entitlements.

The Inland Revenue Departments records do not show any amounts outstanding at the date of liquidation. However, we anticipate there will be amounts owing to the IRD once the pre-liquidation returns are filed. We have written to the Inland Revenue to confirm this position.

We are unaware of any other preferential claims against the Companies.

At this stage, the return to preferential creditors is yet to be quantified and it is unknown whether there will be sufficient funds / assets to meet preferential claims in full.

Unsecured creditors

The Companies' records indicate there are 598 unsecured creditors (excluding related parties) totalling \$39,086,877. We have not been made aware of any known current or pending proceedings to which the Companies are a party.

As mentioned above, the Liquidators are treating the small number of customers not transferred to the SPVs as contingent creditors, with claims valued at \$1 each, and are in the process of contacting such customers.

At this stage, it is unknown if there will be any funds available to make payment to unsecured creditors.

Notice to creditors to prove debts or claims

Please refer to **Appendix G** for the formal notice setting down the date for all creditors to prove their debts or claims.

Meeting of creditors

It is too early at this stage to consider holding a meeting as the information relevant to answering the queries of creditors is still being compiled. Once sufficient information is available and the state of the Companies' affairs becomes clearer, we will reconsider whether convening a meeting of creditors is appropriate.

At this stage, having regard to the limited remaining assets of the Companies, and the limited funding available to the Liquidators, the Liquidators consider that no meeting should be held.

Please refer to **Appendix H** for the formal notice of dispensation of the meeting of creditors.

Estimated date of completion of the Liquidation

It is not practicable to estimate the date of the completion of the Liquidation at this stage.

Should you have any queries in relation to any matter raised in this report then please contact solarzero@nz.gt.com.

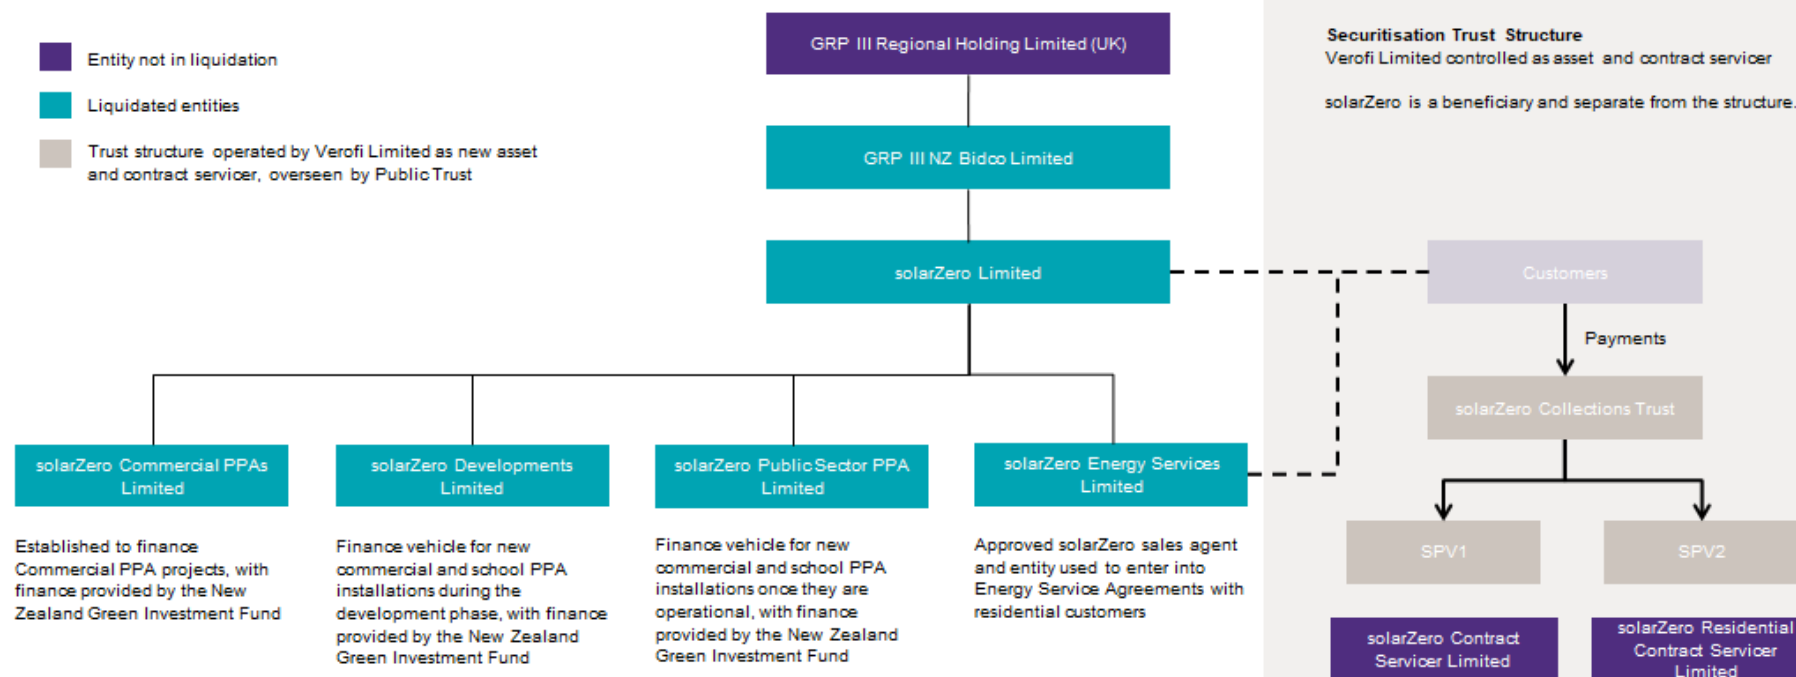

Dated: 3 December 2024

Stephen Speers Keen
Liquidator

Appendix A – Group Structure Chart

Structure chart

Appendix B - DIRRI

Declaration of Independence, Relevant Relationships and Indemnities

solarZero Limited; solarZero Commercial PPAS Limited; solarZero Developments Limited; solarZero Energy Services Limited; solarZero Public Sector PPAS Limited and GRP III NZ Bidco Limited (All in Liquidation) (“the Companies”)

Practitioner/s appointed to an insolvent entity are required to make declarations as to:

- A Their independence generally
- B Relationships, including
 - i The circumstances of the appointment
 - ii Any relationships with the Companies and others within the previous 24 months
 - iii Any prior professional services for the Companies within the previous 24 months
 - iv That there are no other relationships to declare and
- C any indemnities given, or up-front payments made, to the Practitioner.

This declaration is made in respect of ourselves, our partners, Grant Thornton New Zealand Limited (the “Firm”) and any of the Firms associated entities.

A Independence

Stephen Speers Keen (IP#159) and Malcolm Russell Moore (IP#42) of Grant Thornton New Zealand Limited have undertaken a proper assessment of the risks to the Firm’s independence prior to accepting the appointment as Liquidators of the Companies in accordance with the law and applicable professional standards.

This assessment identified no real or potential risks to the Firm’s independence. Stephen Speers Keen and Malcolm Russell Moore are not aware of any reasons that would prevent the Firm from accepting this appointment.

B Declaration of Relationships

Circumstances of appointment

This appointment was referred to the Firm by the solicitors for the Board of Directors of solarZero Limited (in Liquidation). We believe that this referral does not result in a conflict of interest or duty because:

- We have not had any prior dealing with solarZero Limited, the Group or its Board of Directors;
- Such professional referrals are common practice; and
- No documentation was shared with us ahead of the appointment and no advice was provided by us prior to appointment.

We had a meeting with the Founder, CEO and CFO of the Group, and with advisors to the Board of Directors, shortly ahead of our appointment. The purpose was to discuss high level logistics should we need to be appointed, the current financial position and business operations generally.

In addition to this meeting, we discussed the mechanics of the appointment and timing with the Group’s solicitors.

In our opinion, this does not affect our independence for the following reasons:

- It is common (and good practice) to ensure planning is made ahead of any formal insolvency appointment to ensure logistics and adequate measures are put in-place; and
- No advice was provided and no payment was made for the time incurred.

We have provided no other information or advice to the Companies, the directors and its advisors prior to our appointment beyond that outlined in this DIRRI.

Relevant Relationships (excluding Professional Services to the Insolvent)

The wider Grant Thornton international network has existing business relationships with the ultimate parent of the Group, BlackRock, Inc. A full review of the relationships and confirmation was sought (where required) from all relationship owners to confirm our ability to proceed to take the appointment.

Neither of the Liquidator's, nor the Firm, have, or have had within the preceding 24 months, any relationships with the Companies, an associate of the Companies or a former insolvency practitioner appointed to the Companies.

The Liquidators and the Firm have, or have had within the preceding 24 months, a relationship with:

Name	Nature of relationship	Reasons
Fujifilm Business Innovation New Zealand Limited ("Fujifilm")	Grant Thornton New Zealand Limited has in the past 24 months been engaged in a limited financial review of potential candidates Fujifilm was looking to partner with on a project it was undertaking.	We believe that this relationship does not result in a conflict of interest or duty because: <ul style="list-style-type: none">• The engagement with Fujifilm was an independent engagement and had no bearing on this appointment• This relationship is not one that will have an impact on the performance of our statutory and fiduciary duties associated with the liquidation of the Companies• There are no matters of which we are aware of which give rise to a conflict in this appointment

No other relevant relationships to disclose

There are no other known relevant relationships, including personal, business and professional relationships, from the previous 24 months with the Companies, an associate of the Companies, a former insolvency practitioner appointed to the Companies or any person or entity that has security over the whole or substantially whole of the Companies' properties that should be disclosed.

C Indemnities and up-front payments

We have been provided with the following indemnity for our fees and costs in the conduct of this Liquidation:

Name	Relationship with the Company	Nature of indemnity or payment
GRPIII Regional Holding Limited	Ultimate parent	Fee and cost indemnity for NZ\$250,000

This does not include statutory indemnities. We have not received any other indemnities or upfront payments that should be disclosed.

Dated: 3 December 2024

STEPHEN SPEERS KEEN
LIQUIDATOR

MALCOLM RUSSELL MOORE
LIQUIDATOR

Note:

- 1 If circumstances change, or new information is identified, Stephen Speers Keen and Malcolm Russell Moore are required under the Companies Act 1993 and the RITANZ Code of Professional Conduct to update this Declaration and provide a copy to creditors with our next communication as well as table a copy of any replacement declaration at the next meeting of the insolvent's creditors.
- 2 Any relationships, indemnities or up-front payments disclosed in the DIRRI must not be such that the Practitioner is no longer independent. The purpose of components B and C of the DIRRI is to disclose relationships that, while they do not result in the Practitioner having a conflict of interest or duty, ensure that creditors are aware of those relationships and understand why the Practitioner nevertheless remains independent.

Appendix C – Statement of Affairs

solarZero Limited (in Liquidation)

	Note	Per Company Records (NZ\$)	Expected to realise
Assets			
Cash in bank		15,184	Unknown

Employee entitlements		1,100,732	Unknown
Inland Revenue - Outstanding PAYE		148	Unknown
Total Preferential claims		1,100,880	Unknown
Unsecured creditors			
Trade creditors	8	4,137,236	Unknown
Lease liability		2,194,765	Unknown
Other payables		1,028,760	Unknown
Intercompany payables		24,405,851	Unknown
Provisions		34,943	Unknown
Credit cards		36,779	Unknown
Unsecured portion of employee claims		3,066,916	Unknown
Total unsecured claims		34,905,250	Unknown
Total creditors		39,297,281	Unknown
Estimated liquidators costs		Unknown	Unknown
Estimated shortfall to creditors		Unknown	Unknown
Notes			
1. A significant number of accounts receivable relate to rebates and/or credit notes from suppliers who will have a right of offset this balance from their claim in the liquidation.			
2. As the wider group is also in liquidation, we anticipate that recovery of the intercompany receivables will be minimal.			
3. We will investigate this balance in more detail to understand if it could lead to any recoveries for SZL.			
4. There are competing interests in the Company-owned stock. We are currently undertaking a legal review to determine entitlements to the stock on hand. Our independent stocktake quantifies stock at c. \$3.6 million.			
5. Other assets & receivables primarily relate to R&D tax credits (\$1,200k), commission paid on retainer (\$984k) and prepayments (\$394k). It is too early to estimate the likely recover (if any) from these assets.			
6. The Company has debt facilities with the two SPVs. This debt is not cash advanced to the SZL, rather a credit against this account for the transfer of the complete systems into the SPVs. This debt facility is subordinated and has the lowest entitlements for any future repayments. It is too early to estimate if any amount will be recoverable from the debt facility advanced to the SPVs.			
7. A number of vehicles were purchased under finance. We are currently undertaking a legal review to determine entitlements to the vehicles.			
8. Right of use assets relate to the accounting treatment of the Company's property leases under IFRS16. We do not anticipate that there will be any recoveries from the Right of use asset or the lease bond due to the Company's obligations under the lease agreements, as reflected by the lease liability.			
9. We understand that this relates to the residual entitlement to the funds in the SPVs once all debt facilities and associated costs have been paid in full. It is too early to estimate whether there will be any recovery from this investment.			
10. There is a contingent claim for the underwriting obligation to NZGIF. It is too early to estimate the quantum of this contingent claim.

solarZero Energy Services Limited (in Liquidation)

	Note	Per Company Records (NZ\$)	Expected to realise
Assets			
Accounts receivable	1	463,962	Unknown
Intercompany receivables	2	15,829,829	Unknown
Other assets & receivables		1,537,691	Unknown
Installed systems	3	1,597,003	Unknown
Capitalised costs	4	24,181,257	Unknown
Total Assets		43,609,741	Unknown
Preferential creditors			
Inland Revenue - Outstanding GST and PAYE		694,694	Unknown
Total Preferential claims		694,694	Unknown
Unsecured creditors			
Other payables		5,155	Unknown
Revenue in advance	5	5,205,301	Unknown
Customer fixed price obligations	6	23,376,530	Unknown
Contingent creditors (customers not in SPV)	7	492	Unknown
Total unsecured claims		28,587,478	Unknown
Total creditors		29,282,172	Unknown
Total creditors		29,282,172	Unknown
Estimated liquidators costs		Unknown	Unknown
Estimated shortfall to creditors		Unknown	Unknown
Notes			
1. Management advises that this balance is due from customers that sit outside the SPVs.			
2. The majority of this balance is due from SZL and its recoverability is yet to be determined.			
3. We understand this relates to the installed systems small number of customers who do not sit within the SPVs			
4. Numerous costs were capitalised to the balance sheet and we anticipate there will be no recovery from this asset.			
5. We understand this amount relates to customers that have prepaid some (or all) of the remaining term on their solar system. We understand that these funds have been transferred to the SPVs. We will investigate whether this is a liability of the Company or the SPVs.			
6. We understand this amount relates to the value of the fixed price contracts for energy supplied by installed systems on customers properties. This agreement will be investigated in further detail to understand whether this is a liability of SZEL or the SPVs.			
7. A limited number of customers had not been transferred to the SPVs prior to the Liquidators' appointment. The Liquidators are treating this group of customers as contingent creditors in the liquidation of SZEL, with claims valued at \$1 each.			

solarZero Public Sector PPAS Limited (in Liquidation)

	Note	Per Company Records (NZ\$)	Expected to realise
Assets			
Cash in bank		7,683	Unknown
Other assets & receivables		1	Unknown
Installed systems	1	351,802	Unknown
Capitalised costs	2	164,666	Unknown
Total Assets		524,152	Unknown
Secured creditors			
NZGIF	1	171,962	Unknown
Total Secured claims		171,962	Unknown
Preferential creditors			
Inland Revenue - Outstanding GST and PAYE		882	Unknown
Total Preferential claims		882	Unknown
Unsecured creditors			
Intercompany payables		505,820	Unknown
Total unsecured claims		505,820	Unknown
Total creditors		678,664	Unknown
Estimated liquidators costs		Unknown	Unknown
Estimated shortfall to creditors		Unknown	Unknown
Notes			
1. This relates to a small number of systems installed at schools and that this was partly financed via secured debt.			
2. Numerous costs were capitalised to the balance sheet and we anticipate there will be no recovery from this asset.			

GRP III NZ Bidco Limited (in Liquidation)

	Note	Per Company Records (NZ\$)	Expected to realise
Assets			
Intercompany receivables	1	8,182,525	Unknown
Other assets & receivables		440,200	Unknown
Loan to parent company	2	403,266	Unknown
Shares in SZL	3	224,274,532	Unknown
Total Assets		233,300,522	Unknown
Unsecured creditors			
Unsecured creditors	4	-	Unknown
Total unsecured claims		-	Unknown
Total creditors		-	Unknown
Estimated liquidators costs		Unknown	Unknown
Estimated shortfall to creditors		Unknown	Unknown
Notes			
1. The majority of this balance is due from SZL and its recoverability is yet to be determined.			
2. We will investigate this balance in more detail to determine if there are any recoveries available to the Company			
3. At this stage it is too early to determine whether there may be any recoveries for GRP III for their investment in SZL			
4. Per the records we have been provided, it appears that there are no creditors of GRP III

Appendix G – Notice to creditors to prove debts or claims

solarZero Limited (2147325)

solarZero Commercial PPAS Limited (8247952)

solarZero Developments Limited (8247934)

solarZero Energy Services Limited (5471362)

solarZero Public Sector PPAS Limited (8247922)

GRP III NZ Bidco Limited (8466583) (All in Liquidation) (“the Companies”)

Notice is hereby given that we have set 15 January 2025 as the day on or before which any creditors of the Companies are to prove their debts or claims and to establish any priority their claims may have under Section 312 of the Act.

Creditors not having made a claim by this date may be excluded from the benefit of any distribution made before their claims are made, or, from objecting to any distribution.

Appendix H – Notice to Dispense with Meeting of Creditors

solarZero Limited (2147325)

solarZero Commercial PPAS Limited (8247952)

solarZero Developments Limited (8247934)

solarZero Energy Services Limited (5471362)

solarZero Public Sector PPAS Limited (8247922)

GRP III NZ Bidco Limited (8466583) (All in Liquidation) (“the Companies”)

Notice is hereby given that pursuant to section 245 of the Act we will not convene a meeting of creditors. A meeting will not be called unless, within 10 working days after receiving this notice, a creditor gives notice in writing to the Liquidators requiring a meeting to be called.

In accordance with section 314 of the Act a creditor or a shareholder may request the Liquidators to call a meeting of the creditors or of the shareholders at any time during the course of the Liquidation:

- a To vote on a proposal that a Liquidation committee be appointed to act with the Liquidators; and
- b If it is decided to have a Liquidation committee, to choose the members of the Liquidation committee.

Pursuant to s243(1)(a) of the Act the Liquidators can be replaced at a meeting of the creditors.

Any request to convene a meeting must be in writing.

The Liquidators may decline a request by a creditor or a shareholder to call a meeting on the grounds that:

- a The request is frivolous or vexatious;
- b The request was not made in good faith;
- c The costs of calling a meeting could be out of proportion to the value of the Companies’ assets.

The decision to decline a request may be reviewed by the Court on the application of any creditor, or shareholder.

Dated: 3 December 2024
